

Local Government Engagement Summary Report
Appendix 3: Issues and Interest Tables

The tables below summarize issues and interests raised through LGER and LGTLC meetings in 2014.

The input received from local and regional government will be considered, along with technical and economic information and information obtained from Aboriginal groups and from regulators, as Port Metro Vancouver prepares and finalises the Environmental Impact Statement (EIS) for submission in early 2015. The EIS will include a table summarizing input received from local and regional government between 2011 and 2014, and Port Metro Vancouver’s consideration of input.
