Port Metro Vancouver is undertaking consultation regarding Preliminary Environmental Mitigation Concepts for the proposed Roberts Bank Terminal 2 Project from September 15 to October 10, 2014.

Port Metro Vancouver is seeking feedback regarding proposed mitigation for some topics which were raised by participants in previous consultation rounds.

The Roberts Bank Terminal 2 Project is a proposed new three-berth container terminal at Roberts Bank in Delta, BC that could provide 2.4 million TEUs (twenty-foot equivalent units) of container capacity. The project is part of Port Metro Vancouver's Container Capacity Improvement Program, a long-term strategy to deliver projects to meet anticipated growth in demand for container capacity to 2030.

For more information regarding the project, please visit [www.portmetrovancover.com/RBT2](http://www.portmetrovancover.com/RBT2).
